Learning, Growing and Loving Through Jesus

Sept 6, 2011

Dear Parents,

The start of a brand new school year has begun! We are so excited to be back in preschool and look forward to enjoying lots of new activities together. The first few weeks will be dedicated to helping each child settle into our classroom routine and making new friends.

Each month you will receive a newsletter to keep you informed of what your child is doing and learning in preschool. And, learning should be fun! Our new class mascot is the Busy Bee. Ask your child to share its name with you.

Please feel free to call me with any questions or concerns about your child's progress or adjustments. I am always happy to talk to you.

Mrs. Chris Woods  
Teacher, CUMC Preschool

Hello Parents,

Thank you so much for sharing your child with us and giving CUMC Preschool the honor and privilege of teaching your child this school year. I thoroughly enjoyed meeting our new students and families last week and so loved the hugs from returning students! I know this will be an awesome year and I am looking forward to all of the fun times we will have!

Mrs. Woods will send out monthly newsletters informing you of everything we are learning and doing in our classroom. I will keep you posted each month of any school related activities and/or administrative needs.

I am currently going through each student's paperwork to insure I have everything needed. If something is missing, I will let you know. Please remember tuition is due the first of each month, unless arrangements have been made with me. A payment box is hanging in the hall for your convenience. I am currently looking into the possibility of being able to accept debit and credit cards. I will keep you all posted as I find out more information.

Please, if you have any questions or concerns, do not hesitate to come talk to me. I want all of our families to be completely happy and well informed!

Again, Thank you for choosing CUMC Preschool! I look forward to seeing you as well as your children!

Blessings,
